The NISP implementation team is formed with the roles to follow

- Start up / Entrepreneurship supporting protocol to be followed in the Institution to encourage and motivate young students by supporting them to work with innovative ideas in the upcoming years.
- To conduct various Innovation and Entrepreneurship related activities at the Institute level.
- To organize Workshops, Seminars and Interactive sessions with the entrepreneurs, Investors, Professionals for mentoring and guiding interested student innovators.
- To establish a functioning ecosystem in the Institute for developing a good cognitive ability amongst the students.
